

SCALE

Committee of Mine Workers Was Not Ready to Report

CONVENTION ADJOURNS

May Meet Again Next Week at Call of President

Outlook Threatening But Delegates Believe Strike Will be Averted.

Indianapolis Ind., March 13.—The national convention of the United Mine Workers of America, met this morning to hear the report of the scale committee and that committee not being ready to report, the convention adjourned to meet at the call of the president, which probably will not be before next week.

With the scale committee in a deadlock, practically nothing has been accomplished. There are four possible solutions of the matter. First, the convention to adopt its wage demands then issue a call for an interstate conference, open to such operators as desire to treat with the miners. Second, adopt a scale and issue a call to operators by districts, thus tying up districts where the operators refuse to contract. Third, refuse to make any scale except by competitive districts, which would tie up all mines until all districts settle on an equal basis. Fourth, extreme peace, assuring provision that the present contract be enforced for another month to give the operators time to settle the differences between themselves. This is what the operators ask.

Despite the threatening outlook, many of the delegates believe that a strike will be averted.

SHOOTS WIFE FOR BURGLAR

FATAL MISTAKE MADE BY A WAHINGTON INTERNAL REVENUE CLERK.

Wife Went to Room to Attend Crying Child and Upon Returning Receives Bullet.

Washington, March 13.—Mistaking his wife for a burglar, Walter Hollis, aged 30, formerly of Louisville, Ky., a clerk in the bureau of internal revenue, shot and killed her early this morning. Mrs. Hollis had been awakened by the crying of their child who was occupying an adjoining room with Hollis' mother. Returning to her own room, as she approached the bed, Hollis drew a revolver from beneath his pillow and fired. Mrs. Hollis died within a few minutes. Hollis' statements are corroborated by his mother, who asserts that there had been no trouble between husband and wife.

BIG BONUS

Coshocton Raises \$160,000 and as a Consequence Will Get a Million Dollar Plant.

Coshocton, O., March 12.—This city has routed all so called hard times conditions and in 12 hours yesterday it raised over \$160,000 as a bonus to the Clow Pipe works of Newcomerstown, which are to locate here.

All the stores closed, bands paraded the streets and through the day the entire city was canvassed. The money is raised through a sale of 800 lots in the proposed new addition, south of the city, where the works will be located.

The Clows are to remove the pipe works here from Newcomerstown and to put in a mammoth radiator and plumbers supplies foundry. They agree by contract to work 1000 men and to invest a million dollars in the factories. The contract is for 30 years.

It is expected the plant will bring 5000 men to the city.

Coshocton also furnishes a 50 acre site for the plant.

BILL REJECTED

Labor and Socialist Parties Furious at Killing of Their Most Important Measure.

London, March 13.—The House of Commons has rejected by a vote of 241 to 95, the bill forcing municipalities or other local authorities to furnish employment at union wages to all men asking it, and showing that they cannot otherwise earn livings. The labor and socialist parties deemed the measure their most important in years, and are furious at its rejection.

"THE CAMPBELLS ARE COMING"

Democratic Conventions Are Endorsing ex-Governor Campbell for United States Senator.

Montpelier, O., March 13.—The Democrats of Williams county met in mass convention here Thursday afternoon and selected delegates to the state senatorial and congressional conventions.

The resolutions adopted endorsed Bryan for president, favor the nomination of James E. Campbell for U. S. senator, and endorsed L. L. Ansberry for renomination as congressman of the Fifth district, Wm. Denman for state senator and Wm. Behne of Bryan, delegate to the Democratic national convention.

The most significant feature of the above dispatch relates to the endorsement of James E. Campbell of Butler county, for United States senator on the Democratic ticket. Butler county, the home of ex-Governor Campbell, started the boom for him for the senatorial nomination at the hands of the state convention. The call for the state convention of the Democratic state platform. A precedent was established when John H. Clarke of Cleveland was endorsed for that honor several years ago, at which time he made a campaign throughout the state with Mayor Tom Johnson of Cleveland.

WESTERN LAWYER 86 YEARS OLD

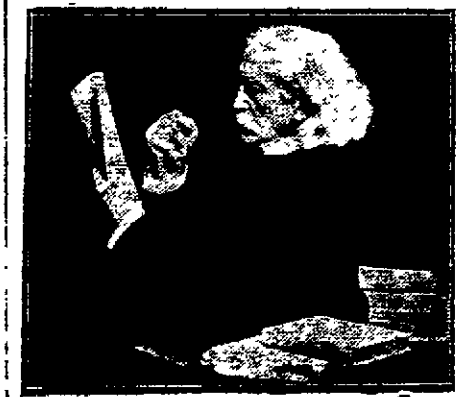

Uncle of Photographer Chas. Hempsted Who Has Achieved Success in San Francisco.

An Advocate man stepped into Mr. Charles Hempsted's studio yesterday while Mr. Hempsted was reading a letter.

"That's a remarkable man," observed Mr. Hempsted, "and a man of such calibre that I am proud to be his nephew."

The remark referred to the writer of the letter he had been reading and then he produced a picture from which the accompanying cut was made. The letter described in an interesting way some of the incidents of a long trip through Canada.

The picture presented in this sketch is that of Mr. S. W. Hollady, who

S. W. HOLLADY.

was born in New York state nearly 86 years ago, brought up at Danversburg and who went west in 1847 to grow up with the country. Though a lawyer, Mr. Hollady, the last of a family of 13 children, went into the mines during the California gold excitement, and there secured the means which later gave him a good start in his business career.

In the early days Mr. Hollady was an alderman (sheriff) in California, but for many years he has practiced law and notwithstanding his 86 years he is still at it, being associated with his son. They have handled many big cases in the west and achieved an enviable reputation. Mr. Hollady shows neither in his appearance, in his composition nor penmanship that he is nearly 86 years of age and one would think to read portions of his interesting letter that he was a vigorous, up-to-date man. He is up-to-date and must be very vigorous in spite of his years. He is enjoying life but prefers to mix with his pleasures a daily amount of hard mental work. That probably is the secret of his success and longevity. No wonder Mr. Hempsted is proud of his western uncle.

SUICIDES

Brother-in-Law of Mayor Atherton Despondent Over Ill Health, Takes His Life.

Ill health and little hope of permanent recovery, caused William G. Gould to commit suicide by shooting himself in the temple at his home, 1153 East Long street, Columbus, on Wednesday night. The act was almost in the site of his wife, Rose, and it leaves fatherless two children, Earl, aged 14, and Bertha, aged 16.

Mr. Gould was assistant foreman of machine department of the Pan Handle shops, and had been suffering with stomach trouble for the last eight years. He had been confined to his home for the past week with his trouble, and severe pains in the head. He was being treated by the railroad physician, who had called on him during the afternoon and was hopeful of his early recovery.

That the act was premeditated, a note addressed to the company physician bears evidence. It said that he could not stand this "continued" health any longer.

The deceased was 39 years old and a native of Steubenville, O., where his parents still live. Besides his parents, Mr. and Mrs. U. B. Gould, three brothers, Harry, John and George, and two sisters, Alice and Mary, survive him. The Knights of Pythias, of which Mr. Gould was a past chancellor will probably have charge of the funeral.

The wife of Mr. Gould is a sister of Mrs. Herbert Atherton, wife of Mayor Atherton of this city. They went to Columbus on the early car Thursday, and the mayor returned late in the afternoon. The funeral will be held Saturday at 10 o'clock. Burial will be made in Green Lawn cemetery.

PASSENGERS FRIGHTENED

STEAMER AFIRE AND COOLNESS OF OFFICERS PREVENTS A PANIC.

Three Hundred Passengers Transferred in Safety to Another Boat. Crew Acted Splendidly.

New York, March 13.—When the Fall River steamer, Providence, arrived at her dock today it was ascertained that her passengers had a real fright this morning when fire was discovered in the lower freight deck. The curling smoke had hardly made its way through the lower hatch, when a boat patrol turned in the alarm. Every member of the crew was at his station in an instant.

Life rafts and boats were loosened and made ready while a force of men attacked the fire. Three hundred passengers on board were ordered to dress and come on deck quietly, which they did. Some were at first badly frightened. By this time the Providence was passing Sands Point and the captain of the steamer signaled the Richard Peck, which was passing. The steamer was laid alongside the Providence. By order of the captain, the passengers were quickly transferred from the Providence to the Peck, with their hand baggage. The transfer was made in perfect order. As soon as the transfer was made, the crew of the Providence went at the fire, and it was soon out. The Providence then proceeded under her own steam to the dock. The crew of the Providence acted splendidly and at no time were the passengers in danger.

HARD TO BELIEVE

Ladies of the "Old Indian Village" Certainly Would Have Washed and Scrubbed the Irons.

Upper Sandusky, O., March 13.—Many people who attended a waffle supper conducted by the ladies of the English Lutheran church last night, were taken very sick Friday morning. Doctors who have examined the victims do not believe there is any serious danger.

Dr. J. C. Rauth believes the cause of the sickness was rust and bacteria which had accumulated on the waffle irons. They belong to the church and had not been used for a year.

A dozen people were forced to leave their work Friday and go to their homes. The social was attended by 400 people, but only those who ate heartily of the waffles were taken sick.

NOTED FIRE FIGHTER DEAD

New York, March 13.—Fire Commissioner Hugh Bonner, former chief of the New York fire department, and one of the best known firemen in the country, died today of pneumonia.

BOARDS

Of Education May Receive Salaries Next Year

BILL PASSES SENATE

Auto Regulation Bill Passes Senate---Jerked Back for Repairs

Harris and Pattison Nominations Will be Considered by Senator Next Thursday.

Columbus, March 13.—A new page in the history of boards of education in Ohio was written Thursday in the senate, in the passage of the Schmidt bill, allowing the payment of expenses of the members of such boards, and another which was taken at that branch of legislation in the passage of the Espy bill, fixing the membership of the boards at any number from three to seven. In other words, the measure that the Cincinnati delegation has been trying to get through the assembly for the past two years, with a view of knocking out the Republican school board of that city, that now consists of 28 members.

The Espy bill, in slightly different form, was defeated by the senate several weeks ago, but it was opposed by the senators from Columbus, Toledo and Dayton. This time Senator Espy amended his bill so that it will not apply to these cities and he had plain sailing. But the bill provides that if at any time there is any change in the present number of members of the board in these cities, that the Espy law shall prevail. The bill goes into effect in June of next year, and members of the board in city subdivisions are abolished.

Sensor West and other opponents of the measure pointed out the unconstitutional features of the bill as now drawn, but it went through by the vote of 23 to 11.

Sensor Schmidt had a hard time with his bill empowering boards of education to set aside annually 7 cents on each enrolled pupil for the creation of a service fund, the amount raised from the fund to be divided among the members every year in payment for services. The bill brought out strong opposition, but it was amended so as to limit the assessment to 5 cents for each school year, and the payment to actual expenses of the members of the board in the performance of their official duties.

The whole subject of payment to school boards of compensation was threshed out, and Senator West made a strong speech against the bill, predicting that it would not be five years until every school board in the state would be on the salary list, at the expense of the people. This allowance of expenses was the entering wedge for payment for services always heretofore rendered gratis. He inveighed against the entire proposition. The bill as read only applied to the city school districts, but the pie going around, the country senators got busy and secured an amendment giving members of school boards all over the state their actual expenses.

The Ward bill, regulating the registration and identification of automobiles had a hard time, but finally passed the senate, only to find that it had been bungled in efforts to amend it, and the bantling was returned to the Cleveland senator, by an arrangement that he would have the rough edges ironed out in the meantime and present it to the senate again today, that body having voted to reconsider it.

The bill as it now stands goes into effect next January, and provides for a license fee secured from the secretary of state. The limit of speed is fixed by statute, but municipalities may exact a license fee for a number tag.

There is also a provision on the subject of the state license fee providing that from \$3 to \$15 a year shall be paid by the owner of any motor vehicle, according to the horse power. The bill, as reported out by the roads and highway committee, was shot full of holes, but it finally ran the gauntlet, to the satisfaction of the anti lobby that crowded the gallery of the senate.

An echo of the Democratic caucus

WILL BE DEFENDED BY MARTIN W. LITTLETON

MRS. OLGA STEIN.

New York, March 13.—Announcing that she would retain Martin W. Littleton as her lawyer, Mrs. Olga Stein, who is wanted in St. Petersburg on charges of having obtained 110,000 rubles (\$55,000) through fraud, said at the Tombs that she would do her best to avoid extradition.

Last night was heard at the opening of the session, when a motion was ordered by Senator Haines that the various committees having in charge the nominations sent to the senate by Governor Harris and the late Governor Pattison, should be relieved of the same, and the nominations be placed on the calendar for consideration of the senate next Thursday. It was agreed to without a word of debate.

The berry seed bill defeated Wednesday was sent back to the committee on agriculture, where it will be further amended and given another chance of passage.

She said that Capt. Eugene Schultz of the marine guard of the Russian navy, to whom she is engaged to be married, is on his way to this city from Russia and will help her. She displayed photographs of Captain Schultz, which bear endearing inscriptions.

WALSH RECEIVES FIVE YEARS

CHICAGO BANK WRECKER HAS MINIMUM SENTENCE IMPOSED ON HIM.

Judge Anderson Overrules All Motions of Defense—Will be Taken to Kansas Prison.

Chicago, March 13.—John R. Walsh the convicted bank wrecker, was today sentenced to five years in the penitentiary by Judge A. B. Anderson in the United States District court.

In announcing the sentence the court stated that because of the banker's former business relations, his associations with men and his great age, he would impose only the minimum sentence of five years. Judge Anderson overruled all motions of the defense. Walsh will be sent to the Leavenworth, Kansas, prison.

Walsh's attorneys applied to the United States Circuit Court of Appeals for a writ of supercedas. Judge Grosscup granted the writ and released Walsh from custody under a \$50,000 bond.

GENERAL ILLNESS AT ST. LOUISVILLE

General illness seems to be prevailing in St. Louisville. There are many cases of measles in the town, and, although conditions are some better than they were, and the schools have been opened there after having been dismissed for a week, many patients are suffering with the epidemic. One physician alone has 13 cases of measles under his care.

Albert Davidson, residing two miles west of Utica is seriously ill with double pneumonia.

Isaac Weiss, of St. Louisville, is very ill with pneumonia, with which he has been afflicted for the past two weeks. He is reported much improved over his former condition.

Mrs. Buxton is quite ill with pneumonia, at the home of her daughter, Mrs. Richard Spiker, residing near Vanatta. Mrs. Spiker's son is also suffering with the malady.

The four children of Mr. Delano Hughes, residing at Vanatta, are ill with severe attacks of the grip.

SWEEPING WILL BE INVESTIGATIONS OF STATE DEPARTMENT

Columbus, March 13.—The House of Representatives today decreed an investigation of the offices of treasurer and auditor and of other state departments that may be the most remarkable in the history of the state. Governor Harris, if the Senate approves the bill, will have \$5,000 to conduct an open investigation of any department of the state, and granting to every member of the General Assembly the right to summon and investigate witnesses. This amended form of the bill following the gov-

ernor's suggestion that \$2,000 be appropriated for investigation by the governor of the state auditor's office, and \$3,000 for investigation by the state auditor of the state treasurer's and other departments.

Representative Stockwell moved an amendment to make the investigation open, and to cut out the investigation by the auditor, and give the whole appropriation, \$5,000, and the entire duty of investigation to the governor, aided by members of the General Assembly. The amendment was accepted, and the bill passed.

JACKIES

Looking Forward to Last Stage of Voyage

SERIOUS WORK AHEAD

Little Time Will be Devoted to Pleasure During Practice

May Finish Target Work at Magdalena Bay by End of Month.

Magdalena Bay, Cal., March 13.—With the actual work of the target practice starting them in the face, the Jackies of Admiral Evans' fleet are already looking forward to the holiday making which will mark the last stage of their around the continent voyage.

Stops are to be made at San Diego, Los Angeles, Santa Barbara and Santa Cruz, where reception committees have been busy for weeks making arrangements for their reception.

Serious work is now ahead of the crews of the big battleships. There will be little time allowed for roaming about the country surrounding the beautiful little bay in which they are anchored. The spring practice of the Pacific fleet ships has ended and it is now up to Admiral Evans' men to beat marks set during this practice. Gunnery work will be started as soon as the targets have been set along the lower California coast.

Taken primarily as a practice cruise, the voyage has come up to expectations and ample and repeated opportunities have been afforded for drills, evolutions and other naval tactics, as well as opportunities for careful and exacting seamanship in waters in which many American naval men are comparatively new.

Naval officials say there is genuine congratulation over the manner in which the fleet has completed its voyage.

Under very favorable weather conditions target practice at Magdalena Bay may be finished by the end of the present month.

Secretary Metcalf announced officially this afternoon that the battleship fleet will leave San Francisco on July 6, to continue its journey around the world, via Suez canal.

RUNAWAY TEAM

Collides With Carriage of Mr. L. M. Stockberger, Who Has Narrow Escape From Injury.

L. M. Stockberger, the real estate man, of 71 High street, had a narrow escape from serious injury, and perhaps from death, yesterday afternoon when a team of horses being driven to Dr. J. A. Mitchell's carriage, ran off and collided with the carriage in which Mr. Stockberger was driving.

The doctor's horses frightened at a Fourth street car, near North street, bolted down Fourth street, throwing the driver from the carriage and running swiftly toward the downtown district. Mr. Stockberger was driving a team of horses to a buggy, traveling in the same direction as that of the runaway team. He did not notice their approach until they were upon him. With a dextrous jerk of the reins he managed to partially clear himself from the runaways just as the impact came. The doctor's carriage struck Mr. Stockberger's buggy top, breaking it in and crushing his hat. Further than this no damage was done to the real estate man's rig, but the carriage drawn by the runaways was badly damaged, the top being crushed and the wheels torn loose on one side. The horses were stopped near the scene of the collision, when one of them tripped and fell.

Mr. Stockberger's escape from injury seems remarkable, and was due only to the prompt action on his part in turning his horses aside.

FATHER WAS AN 1812 HERO.

MARCH WEATHER

The wind, the dampness and the general uncertainty of March weather make it a month of extreme danger to every one, especially so for the run-down, overworked, brain-tired men and women who have not kept their blood rich and healthful.

Duffy's Pure Malt Whiskey stimulates and enriches the blood, aids digestion, builds up the nerve tissues, tones up the heart and fortifies the system against disease germs.

A Stimulant for the Old

"Writing for my father, would say that he is now approaching his eighty-second year, but owing to loss of sight is not able to go out much and get his accustomed exercise, which he has had for years. He has never been in the habit of using stimulants in any way, but finding that he required something of the kind, has tried several, and prefers Duffy's Malt Whiskey to any other. He takes a small dose every day, with a quantity of water, as the strength is sufficient, and considers that he has been much benefited by its use. As for myself, I never use stimulants of any kind, but heartily approve of your manufacture, as it has been so beneficial to my father."

—GEO. E. GOODWIN (for Geo. L. Goodwin), Newton, Mass.

Builds Up at 82.

"For about two years I have been using your Malt Whiskey, and it has been of great benefit to me. I was all run down and debilitated and nothing seemed to build me up. I read in the Boston Globe about Duffy's Pure Malt Whiskey, and thought it would be just the right thing for me, and have found it so. I am 82 years of age."

—WARREN CUTLER, Woburn, Mass.

Cramps Cured.

"For 20 years I have been troubled with cramps in my limbs, but I commenced using your Malt Whiskey and have not since been bothered with cramps."

—JOHN E. WOOD, Commersville, Ind.

Does More than Claimed.

"I wish to tell you that I have used your Malt Whiskey as a medicine and stimulant and found it all right. It helped me when I had rheumatism, and has almost cured my kidney trouble. I continue to take it with full confidence that I will be much better in the long run."

—URIAH RUCH, Burlington, Kan.

A Good Medicine.

"I have not used your Malt Whiskey a great deal, but what I have used I found very beneficial. It is a good article and a very good medicine."

—J. L. KIRK, Adrian, Mich.

A Medicine Unequaled.

"I have used your Malt Whiskey as a medicine and there is none to equal it. I have had the best results from it and can recommend it to anybody."

—JNO. STEPHENS, Jeanette, Pa.

Duffy's Pure Malt Whiskey

is an absolutely pure distillation of malted grain; great care being used to have every kernel thoroughly malted, thus destroying the germ and producing a predigested liquid food in the form of a malt essence, which is the most effective tonic stimulant and invigorator known to science; softened by warmth and moisture its palatability and freedom from injurious substances render it so that it can be retained by the most sensitive stomach.

It cures nervousness, typhoid, malaria, every form of stomach trouble, diseases of the throat and lungs, and all run-down and weakened conditions of the body, brain and nerves. It is prescribed by doctors and is recognized as a family medicine everywhere.

CAUTION.—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey, be sure you get the genuine. It's the only absolutely pure medicinal malt whiskey and is sold in sealed bottles only never in bulk. Price \$1.00. Look for the trade-mark, the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Write Dr. R. Curran, Consulting Physician, for an illustrated medical booklet and free advice. Duffy Malt Whiskey Co., Rochester, N. Y.

Wall Paper Talk No. 11.

For the Bed Room

For the chamber beside the Marie Antoinette patterns, there are little chintz and cretonne effects and all sorts of florals. Always have your bedroom bright and cheerful—that's the main thing. One particularly good style is the plain stripe, or some other simple treatment in the lower two-thirds with a photograph rail at the top and a floral paper or some other pattern above that. One very attractive treatment, by the way shows roses or other flowers climbing on a trellis. If it is a child's room, we have some special things for that purpose which you really ought to see.

Yours for correct wall coverings.

The A. L. Norton Co.

RECITAL.

The artistic recital given at Taylor Hall Tuesday evening, March 10, by Mrs. Margaret Hunt Ruff will consist of a miscellaneous program of high order. Prof. Flora will assist with vocal numbers. Miss Beat Glenn, who is accompanist for the evening will render some choice piano selections. Mrs. Ruff will read, from the pantomimes and posings. Impersonations, drills and fancy costume numbers will be given by the pupils. A refined and cultured performance. Tickets on sale Saturday morning at the Y. M. C. A. Get your seats reserved.

CIVIC IMPROVEMENT

This is a good time to sow grass seed. Sweet peas can be planted on St. Patrick's Day, March 17. If you do not want another scourge of caterpillars this summer, follow the directions given by the Experiment Station at Wooster, viz: Remove all cocoons from the trees before warm weather; then put Tree Tangle-foot around the trees the first of June, and renew once or twice. It can be bought of O. & W. Thum Co., Grand Rapids, Mich.

Newark is said to have the worst sidewalks of any place of its size in the country. It will soon be time to clean up yards and alleys. Sidewalks should be kept clean the year round—quite as much as your doorstep.

New York is agitated just now over a bill introduced into the legislature providing equal pay for men and women teachers in public schools. Chicago and Buffalo have already adopted this schedule. The superintendent of the New York City schools in his report states two principles which should determine teachers' salaries. (1) A teachers salary should

constitute a living wage, viz: sufficient to enable her to live in respectable society and to take advantage of reasonable means of culture and recreation. (2) It should be such as to attract to the schools of the city or town the best teaching talent possible. A man who has had large experience as teacher, principal, supervisor and member of board of education, writes to The Outlook as follows: "Teaching is the chief occupation in which equal workers receive unequal pay for equal work. Were this inequality based upon the skill, the influence, or the character-building ability of the teacher, it would not furnish a cause for complaint. I can see but little difference between the educational work of a man and that of a woman, and the difference is to the credit of the woman teacher. Want of space forbids mentioning the causes for the inequality of pay when women first entered the teaching field. The causes have long been removed and the reasons no longer exist. They are as much out of place in the Twentieth century as the cross-bow and battering-ram in modern warfare. Either the pay of women should be raised or that of men should come down—if they are too high. Equal pay for equal work is justice. No state, town or man ever lost by doing justice."

It is hoped that Newark will not much longer be conspicuous as the only considerable town—which has no public library.

SUBSCRIPTION LECTURE ON ROME IN THE TIME OF NERO.

This evening in Trinity church parish house, beginning at 7:30 o'clock, the rector of the parish will give an illustrated lecture on the social conditions which prevailed in Rome and Pompeii at the beginning of Christian era. The arrangement of the homes, the customs of the people, the games and sports with wild beasts and between the gladiators, and the persecutions of the Christians will be shown by the aid of art colored slides and a high power electric stereopticon lantern. Christian people are generally invited to this lecture. There is no admission charged, but an offering is taken. A song service will precede the lecture. As the auditorium of the parish house is darkened, those who attend are requested to be present and seated so that the lecture may begin promptly at 7:30 o'clock.

ANAEMIA OR POOR BLOOD

Don't Wait Too Long to Correct It—As It Often Leads to Some thing Worse.

Anaemia is a defective state of the blood in which there is a lack of either in quantity or quality the little red corpuscles.

It may result from any cause that serves to deplete the general system and is recognized by a pale and haggard face—colorless lips, poor circulation and a short breath, and the system is at such a low ebb that more serious diseases are easily contracted.

Anaemic people should eat plenty of fruit, eggs, milk, meat, vegetables, good butter and cream and whole wheat bread, and as for a medicine nothing excels our delicious cod liver preparation, Vinol, which is made by a scientific extractive and concentrating process from fresh cod's livers, combining with peptonate-of-iron, which is a useful constituent for the blood, all the medicinal, healing, body-building elements of cod liver oil, but no oil. Vinol is not a patent medicine, you know what you are taking as all it contains is named on the label.

Any anaemic or run-down person in Newark, who will follow the above suggestions is sure to be restored to health and strength in a short time. We will return your money if Vinol fails to give satisfaction. Frank D. Hall, Druggist, Newark, Ohio.

PEOPLE

Favor Mayor Atheron's Idea For Cleaning Newark—Plan Appeals to Them

It is almost a certainty that the people of Newark will fall in with Mayor Atheron's idea that April 1st shall be a good time to clean Newark. Clean streets, clean alleys and clean lawns all at one time appeal to them, and several have mentioned good plans for accomplishing the work.

This plan for the annual cleaning of the streets, alleys and lawns, has been followed with much success in other cities, and in some places the one day in the year is an established institution.

April 1st should be a good time, providing the weather man agrees to an output for Newark, but some people favor a date a little later, thinking, perhaps, that more bad weather is liable to come.

"EVENING OF OLD ENGLISH COMEDY"

THOROUGHLY ENJOYED BY AN APPRECIATIVE AUDIENCE AT TAYLOR HALL.

Local Cast Under Direction of Miss King Prove Artists of Exceptional Ability.

Taylor Hall was filled to the doors last evening by an enthusiastic audience which showed its appreciation of the work of the several local artists appearing in the three old English comedies under the direction of Miss Florence King.

Miss King is deserving of much praise for bringing the cast up to such a high state of perfection in the portrayal of the various characters which they appreciated. All of the playlets were presented in a manner pleasing to all, and indeed, they would put to blush many professional audiences. Miss King's exordium was delivered in an agreeable, charming and graceful manner and elicited the applause of the large audience.

Promptly at 8:15 o'clock the curtains parted and J. Howard Jones as Dr. Jacks and Mr. Edward King as Captain Pigeon, created a splendid impression by their fine acting in the one act farce, "Old Cronies."

The second playlet, "Dearest Mamma," proved that Newark is not devoid of artists along the histrionic line. It was a laughable farce dealing with the story of too much mother-in-law and was participated in by Miss Kathryn Simonds, Miss Edna Wright, Miss Floy Faulkner and

Messrs. Harold Kemp, J. Howard Jones, Edward King and J. W. Horner. It was admirably rendered.

The third playlet, "Lend Me Five Shillings," was undoubtedly the hit of the evening, and kept everyone in a good humor throughout its rendition. In truth the audience was convulsed with laughter from the rise of the curtain to its fall. Mr. Harold Kemp was cast for the star part, Mr. Go-lightly, and he certainly carried out the author's idea of the part. He was the ideal Go-lightly and too much cannot be said in praise of his effort. Captain Phobbs, in the hands of J. Howard Jones, proved a big hit. Mr. Jones demonstrated that he is a master of character delineation and he acted the part to perfection. Messrs. J. W. Horner, Norton Beecher and Edward King were also clever and are deserving of much praise.

Miss Kathryn Simonds as Mrs. Major Phobbs, and Miss Floy Faulkner as Mrs. Captain Phobbs, surprised their many friends by giving them a true insight into the characters of these two duffish sisters-in-law. Their acting was natural and graceful and their stage presence proved that "first nights" had no terrors for them.

In all the program was a most enjoyable affair and was witnessed by a large representative audience which was thoroughly appreciative.

Thanks It Great.

Think of a man having such a cold he could hardly walk—curing his cold in one night, by using four Ajax Cold Tablets—breaking it up completely. Harry Preston of Akron did, and thanks Ajax the best on earth.

Make Good Showing.
In the March tournament of the Columbus Gun club, John R. Taylor of this city broke the high professional average with the wonderful score of 194 out of 200. B. A. Cooper of Thornville, won first high amateur average, breaking 184 out of 200 targets.

Preliminary Centennial.
The members of the First Presbyterian church of this city, propose holding a preliminary centennial celebration of the organization of the church on the 26th of this month. The centennial proper occurs next fall, but this celebration is to be held to lead up to that. The members of the church are contemplating building a new edifice to take the place of the old one, which is 80 years old and has certainly served its day and

SAYS MANY MEN ARE "SHIPWRECKED" THAT CAN BE REBUILT.

If you want to be strong and vigorous and enjoy to the fullest the possibilities of the great natural functions with which nature has endowed you, then you should follow the treatment outlined by one of the world's most prominent and successful practitioners, one who has grown immensely wealthy by curing the "shipwrecks" amongst the four hundred and thirty million of the human race.

The treatment has acquired a wonderful reputation even in the hospitals and sanitariums throughout the east, owing to its peculiar propensity to fortify the sexual nerve force and generate personal magnetism, so essential to the happiness of every normal human being. It is claimed to be a "blessing" for the premature aged, the "weak," the "gloom," the despondent, nervous wrecks of men who have been afflicted with the "shipwrecks" of the sexual system, cold, indigestion, drains, and imperfect functions of the urinary and generative systems. It is a great benefit to writers, professional men, over-worked office men, victims of late hours and sufferings from nervous debility.

Mixing with the treatment, no one need know of another's trouble, while the ingredients are often used for various other prescriptions. Some druggists may not have all of them, but can obtain them from wholesale firms who supply the trade with rare concoctions and extracts.

If the reader decides to try it get "three ounces of ordinary syrup Sarsaparilla Compound" and "one ounce compound Fluid Balmwort" mix, and let stand two hours; then get "one ounce compound essence Cardiol" and "one ounce essence Calomel" mix all together shake well and take a teaspoonful after each meal and one when retiring. If convenient, also take a hot salt-water bath nightly to promote quick action by improving the circulation.

Our Initial Spring Style Show

NO ONE but a clothier is in position to know what remarkable strides have been made by the great leaders in the manufacture of Men's Clothes. The tendency shown has been in the selection of a greater range of fabrics, especially in the fancy patterns. The possibilities for spring are almost unlimited. A distinctive feature of these is the fact that a comparatively few of each pattern are shown.

The new styles are also noteworthy. The modern tendency is to get away from the severely plain effects which have obtained for so many years. This is especially true where the younger men are concerned.

In the new spring styles we have clothes characterized by very large lapels, sleeve cuffs, patch pockets, tabs, and other little style-features which add immensely to the attractiveness of these garments.

Sincerity Clothes, as usual, lead our fashion show at the head of the merit class in design and workmanship. Sold exclusively at

SOME INFORMATION FOR OHIO VOTERS

(Toledo Blade, Rep.)
The citizen who does not know that a clique of politicians, composed of Walter Brown, Walter Guilbert and George B. Cox, aided by lieutenants, had a slate at last week's state convention, and succeeded in bagging the game, must either be blinded by partisanship or is an amateur in politics.

On the first page of Today's Blade this paper's Columbus correspondent tells of the enormous power in state affairs lodged in the offices of the auditor of state, state treasurer and attorney general. These three officers by virtue of their positions, control important state boards which have to do with not only the vast sums of the state, but with the great corporations which pay millions in excise taxes. With the secretary of state, who is at the head of the election machinery, they are able to wield an influence in politics well-nigh absolute.

Back of Fullington, Green and Denman, if elected, will stand Guilbert, Cox and Brown, a triumvirate which seeks to control the Republican party in Ohio, and the way will be clear if these candidates are elected.

Guilbert has had his thumb on the auditor's office for more than a dozen years. Fullington is now his deputy, and Guilbert pulled every string to encompass his nomination. In this he was aided by Cox and Brown.

Green, candidate for treasurer, is now a deputy in that office, which is now under the fire of a legislative investigation, an inquiry which develops that, to say the least, those in charge have been remiss in their duty, and it would seem this remissness has a chain leading direct into the office of the auditor of state. Cox insisted on Green's nomination and threw him the solid vote of Hamilton county. The present administration of the treasurer's office, of which Green is a factor, deposits hundreds of thousands of the state's money in Cox's Cincinnati banks. Guilbert

and Brown aided in Green's nomination.

The delegates to last week's convention were selected, apparently, with one object in view, and that the endorsement of Secretary Taft for president. Candidates for place on the state ticket were scarcely discussed. Working quietly and effectively under the Taft banner, the Brown-Cox-Guilbert clique manipulated the convention in the interest of the men they had selected for the three important positions, and they secured exactly what they wanted. With these men elected, Brown, Cox and Guilbert will completely dominate the affairs of the state as well as the machinery of the Republican party.

The Blade believes it to be its duty as a newspaper to acquaint the voters of Ohio with the situation as it exists, so that voters may be qualified to cast their ballots intelligently at the November election.

MAN IS STRICKEN DUMB.

Youngstown, March 12.—Without warning, James G. Phillips, order clerk in a large wholesale house, was stricken dumb yesterday afternoon.

SPRING AND SUMMER CLOTHING IS THE TOPIC OF INTEREST NOW

Every day we are receiving additions to our new stock. As we place the garments in our dust proof clothing cabinets, we can not help feeling proud of our judgment and good taste in their selection. We do not believe that we have ever shown such beautiful fabrics made into such smart models as this season.

We are anxious to get the verdict of the people of this city. Every reader of this advertisement is cordially invited to come and see our opening display. We call your special attention to our fashionable suits from \$15 to \$35. We have suits for less than \$15 that are the best possible value for the money, but we do not advise any man that can afford to pay \$15 to buy a lower priced suit.

THE SEASON'S NEWEST STYLES IN HATS AND HABERDASHERY.

Are also ready for your inspection. We sell a splendid quality hat for \$2 and \$3. Our showing of beautiful silk scarfs in novelty and standard colorings and patterns and made in the smartest shapes, 50c. We are also showing a beautiful line of new shirts in our windows, priced at \$1.50, \$2 and \$2.50.

NOTE—Do not hesitate to come to our store and look around. You will not be importuned to buy. Everything will be shown you cheerfully.

ARBOR DAY

Governor Harris Calls Upon All Citizens to Join in Observance of Friday, April 17.

Governor Harris has issued the following Arbor day proclamation:

"In compliance with law, I designate Friday, April 17, as Arbor Day. Those in charge of public schools and state educational institutions will, on that date, give instruction regarding the planting of trees, the protection of birds and kindred subjects in connection with the legal observance of the day.

"It is urged that all citizens join their respective authorities in beautifying the streets and highways, the parks and school grounds and the surroundings of homes, as well as in

every possible encouragement for the cultivation of forestry.

"The planting of trees will lessen the loss from floods and droughts, promote the productivity of soils, moderate and extremes of temperature and modify the changes of climate and thus contribute to the material interest of all as well as to the harmony of nature."

"Therefore, I, Andrew L. Harris, governor of the state of Ohio, do hereby designate Friday, the 17th day of April, 1908, as Arbor Day, and request that all the people of the state observe the day in the spirit and manner contemplated by the statute.

"In witness whereof, I have hereunto signed my name and caused the great seal of the state to be affixed at Columbus, this 10th day of March, A. D. 1908.

"ANDREW L. HARRIS.
By the Governor: Carmi A. Thompson, secretary of state."

DIES IN A SUGAR CAMP.

Findlay, March 13.—Wm. McKee, aged 51, died suddenly yesterday afternoon in a sugar camp. He would have been the Republican candidate for sheriff next fall. He was a member of the jury in the recent Standard Oil trial.

SUGAR CAMP BURNS.

Bellefontaine, March 13.—Early this morning the sugar camp of County Commissioner John B. Johnson in Zane township was destroyed by fire, which started from a spark from the open air furnaces used for boiling sap.

NEW SKIN REMEDY

Creates Big Stir; Drug Stores Crowded With Sufferers.

For several weeks past Frank D. Hall's and other leading drug stores in this city have been crowded with persons desiring a supply of poslam, the new cure for eczema. This is the drug which has created such a stir throughout the country since its discovery one year ago.

For the convenience of those who use poslam for pimples, blackheads, blotches, red nose, acne, herpes and other minor skin troubles, a special 50-cent package has been adopted, in addition to the regular two-dollar jar, which is now on sale at all leading drug stores.

In eczema cases, poslam stops the itching with first application and proceeds to heal, curing chronic cases in two weeks. In minor skin troubles, results show after an overnight application. For a free experimental sample, write direct to the Emergency Laboratories, 32 West Twenty-fifth street, New York City.

EARLY REMINISCENCES.

Mr. W. D. Nutter, one of Newark's older residents, contributes the following interesting item regarding early Newark, that will serve to give some idea of what a burg Newark really was in 1836:

"I would like to call the attention of the Advocate readers to a market house that stood in the middle of West Main street, between where the Metz meat market is now located, and the Lost Run saloon. The market house was there when I came to Newark in 1836, but was torn down soon after and a new one built on the site now occupied by the Wehrle block.

J. Knight had a chair factory here at that time. In the rear of the factory Colonel Davidson conducted a tannery. Some time after, this was removed across the street where the Whigs raised a cabin in 1840.

W. D. NUTTER.

FOREST GLEN.

John Jones who died Friday was buried at Pleasant Hill Sunday.

On account of bad weather the Epworth league at the Valley was postponed until next Sunday night.

Mrs. William Priest, Mrs. C. A. Weekly and Mrs. H. W. Priest spent Tuesday at John Booth's in Fallsburg.

Mrs. Jim Cooksey and daughter, Bessie of Bladensburg attended the funeral of Mr. John Jones Sunday.

HUNGRY AS A BEAR AND CAN'T EAT

If, When Mealtime Comes, You Suffer From a Yes-Not Kind of Hunger, You're a Dyspeptic.

How to Cure All Stomach Troubles.

A good many people get mad when you tell them they've got dyspepsia, but way down deep in their stomachs they know they've got it.

"I'd love to eat it, but I can't," is one kind of dyspepsia. "I hate to think of it," is another kind. There are thousands of people today who hate their meals, and they love them at the same time. They haven't that fine empty-hungry eat-everything-in-sight kind of feeling which goes with every good strong healthy stomach. That's because they have dyspepsia. And then there are others whose mouths don't water at meal time or at any other time. They sit at the table and go through the motions, only because it's time to eat. These people, too, are dyspeptics.

Every possible kind of stomach trouble can be cured by taking something which will just take right hold of all the food in your stomach and digest it alone without the help of the stomach, and let the stomach take a rest.

Stuart's Dyspepsia Tablets do this very thing. They are composed of the best digestive known to science, and are absolutely safe. One ingredient alone of one of these tablets will digest 3,000 grains of food! These tablets do exactly the work that a good strong healthy stomach does.

Stuart's Dyspepsia Tablets cure all cases of dyspepsia, indigestion, burning or irritation, loss of appetite, bloating, brash, belching, aversion to food, fermentation and gas on the stomach.

Stuart's Dyspepsia Tablets will make you feel "good" before and after each meal, and make your stomach strong and healthy again. They will make you happy.

Send us your name and address today and we will at once send you by mail a sample package, free. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

Stuart's Dyspepsia Tablets are sold at every drug store for 50c a box.

SUCCESSFUL OPENING

"Walkover Boot Shop" Was Mecca of Many Friday Evening—Souvenir Given Visitors.

The opening of the new "Walkover Shoe Shop" in the room on the south side of the public square, formerly occupied by Rexroth & Seymour, last evening, was a big success. There was a perfect jam of people all evening, and the half dozen or more clerks were kept on the jump from the time the gong sounded in the evening until the close. During the evening, Marsh's orchestra discoursed charming music. Everyone who attended the opening was given a beautiful souvenir.

MAMMOTH VINE

Some years ago while hunting gin-seed I came across what I thought was the largest wild grape vine known. It came up at the foot of a large white oak, which it covered and the surrounding trees with its luxuriant growth. Finally the oak died and blew down, causing the vine to fall. Then the lumbermen removed the tree, cutting off nearly all the top, but in spite of all this the vine keeps alive.

Seeing that place in the Advocate last week, caused me to look up this vine again and compare them. It is 4 feet 1 inch around by 11 in. in girth and 19 inches in the other, in diameter. This vine grows eight miles northwest of Newark on the holm farm.

KIRKERSVILLE.

The members of the Order of Red Men are very busy practicing for degree work.

The Methodist church is making arrangements for extensive repairs. The church will be raised and a basement kitchen built. Papering and other necessary improvements will be made.

The Baptist church is raising money for a new parsonage, and if successful will begin building right away. This will mean much to the church, as it will be more easier to secure a pastor and will also be a help to the town, as a resident minister had a good influence in every community.

Mr. and Mrs. John Lenley of Newark, were in Kinkersville Sunday.

A debate will be held in the town hall Friday night between the Kinkersville and Etam high schools.

The property of Frank Schaff in Kinkersville has been rented to the Widow Reese, possession to be given April 1.

On W. C. R. we heard that the home of Mrs. Wickliffe March 16, instead of on Saturday, March 14.

A MOTHER'S SUFFERING

Running Sores Healed as if by Magic.

After a successful career of over 50 years, the PALMER SKIN AND BLOOD TREATMENT has probably not effected a more gratifying cure than that described below. Old running sores, carelessly neglected or improperly treated, usually baffle the most skillful doctors. It has seemed in ordinary practice like trying to stop the eruptions of Vesuvius with a dish-pan until the PALMER SYSTEM OF TREATMENT was given to the world. Read this story.

"I thought I would write you a few lines in regard to your ointment. My mother has been a great sufferer from running sores for many years. She had several doctors to treat her, but without any relief. The last doctor we had told me that she could not live long. During the last three years she could not walk or in any way help herself. A friend gave her some of your ointment to try, and soon she commenced to receive beneficial results. My mother then decided to use the entire Palmer Treatment, and I am very thankful to state she is now completely cured. I cannot say enough in praise of the 'SKIN-SUCCESS' Remedy, and also give this testimonial that it may benefit others afflicted in the same way. MRS. BENTON STIMSON."

HOW IT CURED RINGWORM.
An officer of the Salvation Army briefly related a story which no one can discredit, as follows:
"For more than ten years I was troubled with ringworm. The skin on my face and neck was covered with it, and I was unable to go out. I tried many remedies, but nothing helped. I then used Palmer's 'SKIN-SUCCESS' and in a few days the disease was cured. Not a trace of the disease is left, and I take pleasure in recommending your ointment to all afflicted with ringworm. W. H. BYERS, Adjutant Salvation Army, St. John."

THE PALMER SUCCESS TREATMENT in 1901 a wonderfully effective skin remedy. Blood Remedy and an Emollient Soap whose curative powers cannot be surpassed. They cure quickly, and will permanently cure the most deep-seated skin and blood diseases, including Eczema, Scrofula, Salt Rheum, Psoriasis, Dry Scurf, Acne Scab, Pimples, Blackheads, Ringworm, Tetter, Itch, and all skin diseases. Itching Affections, Piles, Throat, Brucias and Sores; also Constipation and all Liver and Blood Disorders.

Give the remedies a fair trial. Because the cost is small is no discount on their proven value.

DIRECTORS WILL MEET TONIGHT

Green blades of grass are shooting up at Wehrle park, and Jack Lake, ground tender, is preparing to oil the lawn mower, so there won't be a crop of hay when the Molders report on April first.

Lake kept the park in fine condition last year and so when this season starts it will take little work to get things in shape. The frost is all out of the ground and a game could almost be played there now.

Several improvements will be made this year and they will be recommended tonight at the meeting which will be held. At this meeting uniforms will be chosen, the score card and other committees will make their report and the final business will be closed up.

NOTICE OF APPOINTMENT.

Estate of Marcus Goldsberry, decd.

The undersigned has been duly appointed and qualified as administrator of the estate of Marcus Goldsberry, late of Licking County, Ohio.

Dated this 12th day of March, A. D. 1908.

LEROY GOLDSBERRY, Administrator.

It's All Food

Not merely all wheat. Plenty of foods are all wheat without being all food.

Maple-Flake is all food because our process makes all the starch digestible.

That process takes 96 hours.

It is so expensive that other makers don't use it. They think you would rather save five cents per package. But would you?

Let us tell you the facts, and see.

First, our wheat is steam-cooked for six hours. Think of that—for six hours!

Then we cure it. Then flake each berry so thin that the full heat of our ovens goes through. Then we toast the flakes 30 minutes in a heat of 400 degrees.

Think of that—30 minutes at 400 degrees.

All that is essential. No cheaper method can make the starch all digestible.

Starch, to be digestible, must be made soluble. The particles must be separated so the digestive juices can get to them.

The shorter the process, the less starch will digest. The rest is worse than wasted. It ferments and disturbs the stomach.

The chief cause of gas on the stomach is that fermented starch.

Maple-Flake is the food that's all food. The one wheat food that's all nourishment, because it all digests.

It's the ideal food for children. So we make it delicious by cooking the wheat in pure maple syrup. The flavor is so tempting that children demand it.

It is better—don't you think?—to entice children, rather than force them, to eat the food that is best for them?

The only food served in individual packages in hotels, clubs, cafes, and on dining cars.

DENISON BOYS IN VAUDEVILLE

WILL PRODUCE THE "DANDY DARKIES IN VAUDEVILLE," MARCH 24.

Will Publish History of Phi Gamma Delta—Death of Well Known Granville Woman.

Granville, O., March 13—The male students of Denison university have been working strenuously for the past five weeks preparing their Dandy Darkie show for presentation on Tuesday evening, March 24.

The show this year will be known as "The Dandy Darkies in Vaudeville," and will contain many of the best features of the modern vaudeville. The first part as it is known in minstrel parlance, will be the minstrel show proper. This will consist of a chorus of 30 selected and trained voices, presenting an excellent overture—a medley of old and new popular airs, ballads and comic songs, sung by singers of repute, and the black face stunts. The end man's "gags" are said to be good in substance and well "worked." Attention has not only been paid to the substance of the jokes, but the ends have been faithfully trained in getting off the jokes. The costumes worn in this part have been secured at considerable expense by the management and will aid much in giving a good stage setting.

One of the numbers that is worthy of special mention is the "Dutch Dance." Fancy dances have never before figured in any production put on by Denison students and so this feature promises to be unique. The costumes for the dance are being made especially for the performance and are very clever and attractive. The "Dutch company" is being trained by Miss Simonds of Newark whose wide experience in this line assures excellent work.

The play by Mr. Hoppe is said to be one of the best hits of local college life ever produced. The plot is clever and one humorous situation follows another, making the whole a mirth provoking sketch as one could wish to see.

A complete history of Lambda Deuteron Chapter of Phi Gamma Delta had been prepared and considerable interest has been manifested in a movement to publish it. This book will have about 110 pages with six or seven illustrations, and will contain not only the history proper, but many other facts of interest to alumni in particular and fraternity men in general. Arrangements are being made to have it published.

Mr. and Mrs. H. M. Lemley of Hamilton, O., who have been visiting friends in the village for the past week, went to Columbus Thursday to visit their daughter, Mrs. William Sherman for a few days.

At the Methodist church Sunday there will be preaching in the morning by the pastor, Rev. W. H. Miller. Subject, "Rooted and Grounded in Love." Subject for the evening at 7 o'clock, "Am I My Brother's Keeper, or the Sense of Personal Responsibility for Our Neighbors." Class meeting at 9:30 a. m. Sunday school at 11 a. m. Junior league at 2:30 p. m. Epworth league at 6:15 p. m. Prayer meeting Thursday evening at 7 o'clock.

Miss Grace Mason of Hillsboro, O., who has been visiting friends here for the past several days, returned home Friday morning.

After a pleasant visit with Miss Bessie Williams here, Miss Anna Williams has returned to Cleveland.

Mrs. Lorena Lawson, died very suddenly at the home of her daughter, Mrs. Isaac Pyles, in Clouse's Lane, on Thursday at 11:30 a. m. Wednesday evening she ate a hearty supper, felt as well as usual, and about 11 o'clock she had a stroke or apoplexy and died the following morning.

PARTELLO STOCK CO.

The powerful comedy drama "The Railroad King," will be beautifully presented by the Partello Stock company at the Auditorium Saturday night. This play is a famous sequel to "The Lion and the Mouse." Alice Kennedy as Patsy, is exceedingly clever, and brings out the bright talent wrapped up in this plucky young star. See her in this part, you will like her immensely. Miss Kennedy has received vociferous applause all this week in the five bills presented. Her support in "The Railroad King" is an exceptionally competent one. Friday night is amateur night and a number of decided novelties will be introduced. Saturday matinee the bill will be "The Sweetest Sin."

AMATEURS AT ORPHIUM.

Don't miss the all star amateur performance prepared for you tonight at the Orphium. An unknown will be introduced to you tonight that will surely make a tremendous hit. The amateurs tonight are nearly all men. At least six have promised to appear and please to the best of their ability.

The unknown is a young lady that is a most talented artist, who promises to carry first honors. So all come and "root" for your friends.

The regular program is headed by the Kingsbury comedy musical act, Williams and Mayer, comedy sketch artists, Williams and Leslie, black face comedians, Kotaro, the Japanese wire artist and the song and picture. Don't forget that we will positively introduce at least three new performers at both shows tonight. Seat sale now on.

THE MAN WITH THE BRUSH.

There was a little man and he had a little brush, and he painted the whole house white; and his neighbors when they heard came to see it with rush, and exclaimed, "What a beautiful sight." Then each and all declared they would have to follow suit, but decided on yellow and brown; so the little man said, "get the best or you'll rue it, Aurora Paints the best in town." Property owners should insist on having Aurora Mixed Paint. It is made from the best and purest materials, covers more surface is a real preservative and is more durable than other paints. Manufactured by The Marjetta Paint & Color Co., Marietta, Ohio. Sold by Newark Paint Store, 21 West Church street.

HON. S. B. HERMAN

IS WELL AGAIN

Noted Oregon Statesman Restored to Health on Recent Eastern Trip.

Hon. Shiller B. Herman, distinguished statesman and legislator of Portland, Oregon, who was recently on an eastern trip, is among those strong in favor of L. T. Cooper, in the discussion over Cooper and his medicines, which has raged for the past year in cities visited by the young man on his educational campaigns, as he calls them. Cooper was explaining his new theories and medicines to Boston people during the Oregonian's visit to that city, and in a recent interview Mr. Herman said: "My trip east accomplished more for me than I ever believed possible. It has actually been the means of restoring my health. While in Boston I heard a great deal about this man Cooper and his medicines, and one morning I talked with a Boston banker who told me that he had been relieved by Cooper's medicines after ten years' chronic dyspepsia. For the past twenty years I have been a fearful sufferer with nervous dyspepsia. It has been so bad that it all but forced me to resign from the legislature."

"I was feeling wretchedly that morning, and I made up my mind to try the medicine. I had seen leading physicians without number both East and West. They had been unable to help me in the least, and I no more believed this Cooper medicine could help me than it could bring a dead man back to life. I really don't know why I bought it. It was like a drowning man clutching at a straw. "To make a long story short, it has been astonishingly successful in my case. Today I am enjoying a sound stomach and perfect health for the first time in twenty years. I can eat heartily without the slightest inconvenience, and sleep well. I am no longer moody and depressed, and my nervousness has entirely disappeared. "Any man who has chronic dyspepsia owes it to his family to try this medicine."

In all our experience as druggists, we have never seen anything to surpass the famous Cooper preparations.

Our New Spring Suits Are Matchless

In Beauty, Style, Fit and Value

Our new Spring Suits are everything good suits should be. We are unable to discover a weak point in our display. Customers tell us that we are stronger in our Suit Department than ever before.

Our suits are the handicraft of New York's best tailors. They are as pretty as can be, and styled along the radical line of 1908. Only the best of fabrics, in the latest weaves and colorings, are used in their making, and with a large range of sizes we are able to fit every figure perfectly.

Nothing commonplace about these suits. All the brightness and briskness and newness of Spring is in them. Their every line is one of grace, and the flow of the skirt and the modeling of the jacket would do justice to the most "chic" of Parisian creations.

New Spring Suits at \$12.50

We show a beautiful line of Ladies' New Spring Suits in fancy stripe materials in grays, browns, etc. Elegantly tailored and trimmed. Latest style jackets and skirts. Suits that are usually sold at \$16.50.

BUYING SUPPLIES FOR BUCKEYE LAKE

Mr. James T. Haynes left today for Salem, O., where he expects to purchase an assortment of the celebrated Mullins steel launches and row boats. From Salem he expects to go to Cleveland to call on the Ferro Machine Foundry company, and the National Carbon company for the purpose of buying a large stock of gas engines and a complete line of boat supplies, which he will have on sale at his new store room which he erected last fall in the rear of the Buckeye Lake Yacht club house.

Owing to Mr. Haynes' local business, he has employed a competent man, who will be at the store room from April 1 to October 1. This being a new enterprise and the demand being so great for boats and supplies at the Lake, Mr. Haynes certainly deserves a nice business.

The upper story of his new building is a very desirable flat of four rooms with a nice large porch overlooking the Lake.
